NO. 258—NINETY-THIRD YEAR

VICTORIA, BRITISH COLUMBIA, TUESDAY, OCTOBER 16, 1951

Only a week left to dress
Victoria for the Royal
visit—let's get busy

TWENTY-EIGHT PAGES

Dog Adds Informal Note to Royal Visit

A small dog saunters toward party pointing out Detroit buildings to the Duke of Edinburgh (one hand behind his back) and Princess Elizabeth (head barely seen at left) yesterday at Windsor's government dock. The dog added a jovial note to proceedings until taken in tow by an R.C.M.P. officer. (AP Wirephoto.)

Ontario Frontier Town Opens Arms to Royalty

KAPUSKASING, Ont., Oct. 15 (CP).—Princess Elizabeth and Prince Philip today flew into the northern Ontario town to receive an open-handed welcome from the frontier people of this little paper-mill town and neighboring communities.

Kapuskasing's 5,000 population was at least quadrupled for the big day. And, surging enthusiasts burst police lines to get closer to the pair as the Princess made her first outdoor speech of the visit from the balcony of her hotel.

The crowd of perhaps 20,000 milling around the hotel swarmed over its lawns yelling "We want Elizabeth," as they awaited her appearance. She gave them a speech of thanks for the welcome.

B.C. to Get \$2,300,000 In Record Timber Sale

(Special to The Colonist)
VANCOUVER, Oct. 15.—The largest timber sale on record was completed by the province of British Columbia through the forest service today.

Rights to 5,408 acres on the U.S. border, southeast of Chilliwack was sold to Olsen Logging Co. Ltd., for \$2,300,038.58.

The amount was for stumpage and royalty on 126,000,000 board feet of timber. It equaled approximately 25 per cent of the total revenue for the forest service last year.

Announcement of the sale was made by District Forester E. W. Bassett. The terms call for logging at the rate of 5,000,000 board feet annually—the amount

it is estimated the area can maintain in perpetuity for 30 years.

The company undertakes to build a road to the far end of the area and log outwards, which means it will have an investment of as much as \$200,000 for roads. This will serve as a guarantee of their good faith in the logging.

If they fail to live up to their contract, it can be abrogated.

Prices bid were much higher than the upset price set by the forest service. Upset price for fir was ten dollars per thousand board feet, while bid price was \$29.50; for cedar upset was \$10, bid \$21; for hemlock upset \$3.50, bid \$14; balsam upset \$4, bid \$14.50.

Special Copy Out Sunday

Exclusive pictures and stories of Canada's beloved Royal Family will appear in a special souvenir edition to appear in the regular Daily Colonist Sunday, Oct. 21, the day the Royal couple arrive in Victoria.

Regular subscribers will get the special edition without extra charge in their regular Sunday papers. Non-subscribers or subscribers who want extra copies will have to place their orders quickly. The number of extra copies is limited.

The 28-page souvenir edition will contain lively stories and tidbits about the Royal family, and there will be an up-to-the-minute record of the Royal tour.

No phone orders can be accepted for extra copies of the souvenir edition. Mail 10 cents to The Daily Colonist, or 15 cents if you want The Colonist to wrap and mail the copy to a friend.

Should log prices fluctuate more than 20 per cent up or down from today's prices, on which these stumpage prices were set, they will be adjusted accordingly.

Mr. Bassett said that this was only the second such sale made, and that the forest service hoped it would be the answer to the small logger's problem of a long-time guaranteed supply of timber, at prices he felt he could afford.

Stumpage will be paid as timber is removed.

Stumpage will be paid as timber is removed.

Train Conductor's Report Clue in Child's Disappearance

MICHIGAN CITY, Ind., Oct. 15 (INS).—A train conductor's report of a "nervous woman with a tiny baby in her arms" gave Michigan City police a new clue tonight in their hunt for the kidnaper of six-day-old Lawrence James Lyons.

Robert Parker, 28, a South Shore Lines conductor, said the woman boarded his train at Michigan City Saturday night at 6:24 p.m. The Lyons baby is believed to have disappeared from the St. Anthony's Hospital nursery between 5 and 6 p.m. that evening.

Parker told police that the woman carried a small baby wrapped in a shawl. He said she rode from Michigan City to suburban Beverly Shores, Ind., five miles away. He said:

"She was very nervous, and she stood in a vestibule all the way instead of riding in a seat."

As the search continued over Indiana, Illinois and Michigan, hundreds of volunteers pitched in to help. They scoured Michigan City's residential, commercial and industrial areas.

Cease-Fire Line Fixed U.N. Issue

TOKYO, Oct. 16 (Tuesday) (AP).—Gen. Matthew B. Ridgway today said the United Nations is standing firm on its demand for a cease-fire line along the Korean battle line.

And despite efforts to resume truce talks once again, the supreme Allied commander promised that United Nations forces would continue their offensive in Korea. Their goal: To take as much ground as possible.

"Within our capability we want ground that we can defend," Ridgway said at one of his rare press conferences. He added:

"In principle, we want a cease-fire line more or less along the present battle line."

"The purpose of the Eighth Army is still to repel aggression."

The location of a cease-fire line is the issue that snagged Korean truce talks for weeks before the Reds broke them off Aug. 23.

Except in the extreme west, the Allied battle line cuts deeply into North Korea. At some points it runs more than 30 miles north of Parallel 38, the old boundary.

The Allies have won several hundred miles of Red Korean territory since the Reds suspended the armistice talks.

The Communists had insisted on a cease-fire line along the parallel.

Ridgway also promised that the Allied correspondents would be given more news of what goes on at truce talks.

Both sides have agreed on Panmunjom, six miles east of the old conference city of Kaesong, as the new truce talk site.

U.S. Eighth Army headquarters

state three Allied divisions today captured two more hills in their central front offensive and were within easy artillery range of Kunson, the Reds' central front assembly area some 30 miles north of Parallel 38.

The fourth day of the attack on a 22-mile front brought the United Nations line forward 5½ miles from its jumping off point on the morning of Oct. 13.

AP photographer Bob Schatz reported from the front that Chinese resistance stiffened yesterday but two Red probing attacks were repulsed during the night.

CAIRO, Oct. 15 (AP).—Egypt rejected the "western powers' plan to make the Suez an international defense bastion tonight and her parliament slashed old ties with Britain for defense and for rule of the vast Sudan.

Wildly cheering these historic acts, parliament voted that Britain must get out of the Suez Canal area—and also the Sudan where Britain has ruled jointly with Egypt for more than half a century.

Official sources in London said Britain would ignore the one-sided denunciation of Suez and Sudan treaty rights and would use force if necessary against any evicting efforts.

Parliament moved overwhelmingly to make the necessary constitutional changes to absorb the Sudan and proclaim King Farouk I king of Egypt and the Sudan.

The actual proclamation of his expanded title and other details were deferred until Tuesday to give Farouk time to sign the preliminary decrees.

Annexation of the Sudan would add nearly 1,000,000 square miles and 8,000,000 people to Egyptian sovereignty and

triple the land area of Farouk's realm. He would reign from the Mediterranean nearly to the equator and control a long Sudanese front of the Red Sea.

Officials in Washington indicated the United States would support Britain if she decided to keep troops in the Suez Canal area. They indicated the western powers would press forward with their plan to create a Middle East defense command as proposed to Egypt Saturday by the U.S., Britain, France and Turkey.

British troop formations, including paratroops in brigade strength, are standing by in Cyprus, Malta and Aden in readiness for any need in the Suez and Sudan.

Norway Accused Of Hostile Acts

Strategic Territory Said Handed to West

LONDON, Oct. 16 (INS) (Tuesday).—Soviet Russia accused Norway today of "hostile" acts as a member of the North Atlantic Pact and said that strategic Norwegian territory has been put at the disposal of the Western Allies.

The Kremlin warned of "worsening relations" between the two nations.

Russia's latest blast was handed to the Norwegian minister in Moscow last night, according to a Moscow radio broadcast.

The Kremlin note came only a few hours after President Truman urged the Russian leaders to lay aside their aggressive plans.

The Russian note charged that Norway has agreed to hand over Spitsbergen and the Bear Islands to what the Soviets termed "the armed forces of the aggressive Atlantic Alliance."

Moscow radio, broadcasting a dispatch by Tass, official Soviet news agency, added that Norway has reached an agreement to "subordinate Norwegian armed forces to an American command."

Then it claimed that "Spitsbergen and Bear Islands have been transferred to the authority of the commander-in-chief of the North Atlantic maritime area."

Spitsbergen Island lies due north of Norway, approximately midway between the Arctic Circle and the North Pole. Bear Island is in a strait between Norway and Spitzbergen.

Moscow's note said that Norway's acts are "large-scale measures tending to implement aims hostile to the Soviet Union."

The Russian note also claimed that Norway's policy in relation to the Atlantic Alliance is "in direct opposition to assurances given the Soviet government in a note in February, 1920."

Then the Moscow note added a warning that "the Norwegian government is assuming the entire responsibility for the consequences of such a policy," which "cannot but cause worsening relations" between the two countries.

Then the Moscow note added a warning that "the Norwegian government is assuming the entire responsibility for the consequences of such a policy," which "cannot but cause worsening relations" between the two countries.

BULLETINS

Major Deal

HALIFAX, Oct. 15 (CP).—Purchase of a fish-processing plant at Canoe, N.S., by British Columbia Packers Ltd., and plans for a \$1,500,000 expansion of facilities there was announced today.

Hurt in Fall

VANCOUVER, Oct. 15 (CP).—Sam Pavlavis, 48-year-old civil worker, suffered a fractured spine today when he tumbled 20 feet into a ditch excavation.

He had to be lashed on a stretcher and lifted by a derrick from the ditch bottom.

Storm Warnings

MIAMI, Fla., Oct. 15 (INS).—Storm warnings were ordered along the Eastern seaboard from the Virginia Capes to Cape Hatteras, N.C., tonight as a 70 to 80-mile-an-hour hurricane swirled 400 miles off the Georgia Coast.

Weather Stalls Atom Exercise At Las Vegas

LAS VEGAS, Nev., Oct. 15 (AP).—Waiting for weather conditions that are just right, the Atomic Energy Commission said tonight that Exercise Desert Rock will not get under way until later this week.

Carroll L. Tyler, test program manager, told reporters that a continuing weather study at the test site, 75 miles northwest of Las Vegas, shows "a pattern favorable" to holding the test soon.

But both Tyler and Dr. Alvin C. Graves, scientific test chief, made it clear that the first atomic operation to involve troops will not start tomorrow.

"The weather has to be just right," Tyler said. "We have to avoid clouds, or temperature inversion and winds must in general be upward." This is to reduce danger of radioactivity to soldiers.

But both Tyler and Dr. Alvin C. Graves, scientific test chief, made it clear that the first atomic operation to involve troops will not start tomorrow.

Blood pressure rose a little at the board meeting over the issue. Chairman Major R. H. Green rapped an unidentified board member for giving unofficial information to the press and expressed irritation at being "badgered for three weeks by the press."

LAST STRAW
Last straw for the major was a radio announcement last Monday night that children would be getting a holiday the day of the Royal visit.

"It was news to me," said

Major Green, "I phoned The Colonist and was told by a reporter that he had received the information from a member of the school board."

Arnold Trevett spoke about criticism of school inspector J. F. K. English who was reported to have said the holiday was "unimportant."

"Mr. English meant it was unimportant because the children would see the Royal couple anyway," said Mr. Trevett.

"I think the papers might have shut up. This thing has blown up out of proportion."

Austin I. Curtis said he didn't see any need for a holiday either Monday or Tuesday.

"Why not leave it up to the Princess?" he asked.

Mr. Trevett said the Princess would be too busy.

Walter P. Jones said he thought the children should have a holiday both Monday and Tuesday.

"They will remember this all their lives," he said.

Major Green said there would be children all over the city if they were let out Monday. They will see more if teachers take them," he added.

This is Rags, an Irish water spaniel now busily overseeing preparations at Eagle Crest, where Princess Elizabeth and the Duke of Edinburgh will holiday while on Vancouver Island. Ordinarily an outdoor type, Rags is spending most of his time these days peering in windows of the luxurious lodge to see that all goes well.

Mrs. Dallas Irvine, manager, has decided it's no use cleaning the windows just yet; paw and noseprints would soon reappear. Rags will be banished before the Royal visitors arrive. He has to be. Prince Philip will be occupying his bedroom.

Postmen Rest Feet During Royal Visit
THERE will be no carrier mail delivery next Monday because of the Royal visit, Postmaster J. B. Sinclair has announced.

The wicket will be open from 8 a.m. until 12 noon and the Post Office lobby will be open from 6 a.m. to 6 p.m. Other services will be as usual except that there will be only one pickup from letter drops, in the evening.

Jeweled Royal Arms to Be Displayed

This \$130,000 reproduction of Princess Elizabeth's coat of arms will be on display in Henry Birks and Sons' windows during the Royal visit to Victoria. Fashioned of gold, platinum, diamonds, emeralds and sapphires, the display is housed in a sterling silver casket.

Lloyd's Shipping Index Drops Last Sailing Ship

The last sailing vessel—the Swedish barque Viking—has been deleted from Lloyd's Shipping Index. Now, for the first time since it was founded in 1850, the index does not record a single sailing ship.

In its earliest years the publication recorded the movements of 12,000 sailing vessels and only about 2,000 steamships. As to today's shipping index, records only about 13,000 names, there were more vessels included in the early days although they were of considerably smaller tonnage.

The Viking, which has been at Gothenburg since June, may be preserved at that port, as a memorial to the days of sail and in connection with a navigation school which operates at that port.

Pink Salmon Run Returns to Fraser

VANCOUVER, Oct. 15 (CP).—For the first time since the disastrous Hell's Gate slide of 1913, a "measurable quantity" of pink salmon has arrived on the spawning beds of the upper Fraser.

Fisheries scientists called the run the most significant event of the year in B.C.'s fishing picture.

Opening To Avoid Formality

No time will be wasted on formality when the special session of the legislature opens at 10 a.m. Oct. 25, according to an announcement yesterday from Speaker of the House Mrs. Nancy Hodges.

Immediately following the Speech from the Throne the House will proceed to business.

"In view of these circumstances, no invitations to the floor of the House will be issued," explained Mrs. Hodges. "The public galleries will be open as usual and seats allocated on the usual basis of first come, first served."

Unless government plans are upset, it is unlikely the special session will deal with any other question than the new pension plan for persons in the 65-69 age group. If the debate is confined to this issue the special session which is to begin on a Thursday may end the following Saturday.

Subdue Huge Eel

HOLBEACH, Lincolnshire, England, Oct. 15 (Reuters).—After beating off three men armed with pitch forks and a rake, a five-foot-nine-inch conger eel was finally killed with two blasts from a double-barreled shotgun. The eel, stranded in a ditch weighed 49 pounds and was 17 inches in circumference.

NEW Hearing Aid Stirs Wave of Enthusiasm

Compact Electronic Unit Without Dangling Cords Hailed in Six Clinics

NEW YORK: After a series of "demonstrations" in six hearing clinics throughout the Metropolitan area, tabulated reports of hearing experts working in the Acousticon Public Education Department reveal a spontaneous acceptance of a new and revolutionary scientific development for the hard of hearing.

No longer is it necessary to wear a tell-tale cord dangling from the ear. The new Acousticon has no box, nothing of any kind to hide in the clothes. On most women, it cannot be seen. The wearer is free both from cords and clothing noise.

Using the telephone, is a natural function. A woman can wear even a strapless gown or swim suit without revealing the fact that she is hard of hearing. Because of the way it is worn, it assures clear, effortless hearing—in fact, better hearing than with any conventional hearing aid known.

This amazing new development may be seen and tried without cost or obligation at Acousticon, c/o Modern Pharmacy, 327 Douglas Street, Victoria; or, a FREE illustrated booklet will be sent by writing the above address.

Demand Light for Royal Visit Paraphernalia

No big public demand for requisites for the visit of Princess Elizabeth and Prince Philip is apparent yet, according to retail stores in Victoria.

Camera stores reported normal sales apart from a slight run on color film.

Only other apparent slight sales increase was reported on flags, streamers and hunting by several stores.

Most Victorians, apparently, will be content to stand and wait for the Royal car to pass. Camp stools haven't been moving fast from stores. But in Vancouver all camp stool supplies have been sold out.

Police said that only persons with business licenses would be permitted street sales.

Hotel and auto court reservations for the weekend are only normal. The Empress Hotel, however, reported it expects to be fairly well booked.

Some tourist officials said they

thought most U.S. visitors wishing to see the Princess and the Duke of Edinburgh would go to Vancouver, accessible by train, bus or ship.

One or two inquiries each day have been received since word of the Royal visit was announced, said George I. Warren, secretary of Victoria Chamber of Commerce. A mimeographed sheet of information concerning the Royal couple's stay, their pertinent information is sent such inquirers, Mr. Warren said.

Decorating continues in the main lobby of the Empress Hotel, the Government House ballroom and at the C.P.R. wharf, where the Royal visitors will disembark at 5 p.m. Sunday.

Painting of the wharf portion to be traveled by the Princess and the Duke is about finished. C.P.R. officials said. Two crests of Her Royal Highness, flags and bunting are to be erected.

Officials yesterday were unable to say whether carpet would be laid from dockside to Belleville street, where a Royal guard will be stationed.

The calendar that left no time

As ARTHUR's widow looked at the calendar she realized she did not have the time she needed. What could she do, without at least a year of grace... to adjust herself... to arrange for the children... and most of all, to learn a job to support the family? If only she and Arthur had bought time... with life insurance.

Think. Could this happen to your wife?

The Prudential man in your community is a good man to know. For your present peace of mind, and for the future benefit of your family, ask him to explain how you can plan a lifetime today, with the Prudential Dollar Guide.

CANADIAN HEAD OFFICE—TORONTO

DO YOUR NERVES PLAY TRICKS ON YOU?

If your nerves "jump" at a sudden noise... or you feel an edgy and low in spirits that you pick a quarrel without meaning to... look out! Perhaps your store of nervous energy may be almost used up... and your body needs help!

That's when you need a good tonic, like Dr. Chase's Nerve Food... to help build you up so you can get your proper rest at night. That's when you'll really feel the benefit of the Vitamin B₁, iron and other needed minerals this unique tonic contains! For Dr. Chase's Nerve Food has been proven in over 50 years of use. And Canadians, by the thousands, say they feel better, are better, feel better—yes, and look better, too!—after taking Dr. Chase's Nerve Food.

So if worry, anxiety or the strenuous pace of modern living is upsetting your nerves—get Dr. Chase's Nerve Food today. The name "Dr. Chase" is your assurance. The large "economy size" is your best buy.

President Calls Reds To Disarm

WINSTON-SALEM, N.C., Oct. 15 (AP).—President Truman pointedly called upon Russia today to agree upon disarmament terms which would "free the world from the scourge of atomic warfare."

He again offered to "sit down with the Soviet Union" and other countries to work out

of "the horror of another world war" and provide the basis for "a durable peace."

Mr. Truman, speaking at ground-breaking ceremonies of a new and expanded Baptist Wake Forest College here, pitched his address largely on foreign policy.

American foreign policy, he said, is "based upon the hope that it will be possible to live, without a war, in the same world as the Soviet Union—if the free nations have adequate defenses."

It was his first major foreign policy talk since Russia's explosion of a second atomic bomb.

Less Choice Offered To Electors in U.K.

LONDON, Oct. 15 (Reuters).—Deadline for nominations for the Oct. 25 general election passed today with a total of 1,375 candidates nominated compared with 1,368 in the 1950 general election. The drop is due largely to fewer nominations by the Lib-

eral party nominated 617 candidates, the Conservatives and associates 617. Liberals 108, Communists 10 and other splinter parties 23.

Closing of nominations brought automatic victories for four Churchill supporters in the north of Ireland. Attlee didn't bother attempting to shake them from their secure seats.

The 77 women running is a drop from last election when 126

The plane was being moved on deck when its brakes failed. The pilot, Lieut. (jg) Archie Treadwell, was lifted from the sea by a helicopter. (AP Wirephoto.)

Rival Unions Clash In Membership War

KELOWNA, Oct. 15 (CP).—A full-scale membership war between big international labor unions loomed in the British Columbia interior today.

American Federation of Labor

and Trades and Labor Congress Unions prepared to resist any further raiding tactics in the area by the Canadian Congress of Labor and the C.I.O.

It is believed that the A.F.L.-T.L.C. may be planning counter-raids against C.C.L.C.I.O. unions.

The main seat of the trouble is the large Canadian Cannery (Western) plant in Penticton where the United Packinghouse Workers of America (C.C.L.C.I.O.) is attempting to secure bargaining rights now held exclusively by the T.L.C.'s Fruit and Vegetable Workers' Union.

A change in leadership in the C.I.O. is blamed by a T.L.C. official in Kelowna for the coming struggle.

Meanwhile plans are being laid for a conference of all Trades and Labor Congress of Canada affiliated unions in B.C. in Penticton, Dec. 5.

Purpose of the meeting will be to discuss provincial legislation affecting labor and to prepare amendments to place before the government.

High Scouting Post For General Spry

NEW YORK, Oct. 14 (CP).—Appointment of Maj. Gen. D.C. Spry, C.B.E., D.S.O., C.B., of Ottawa as deputy director of the Boy Scouts International Bureau was announced tonight.

The announcement said General Spry, chief executive commissioner of the Boy Scouts Association of Canada, will continue in that post in which he has served since 1946.

His new job as deputy director of the International Bureau will be part-time. He will have complete responsibility for international Scouting in North Central and South America and the Caribbean area.

House Ponders Pension Study

OTTAWA, Oct. 15 (CP).—The Canadian government is considering the advisability of appointing a committee to study existing veterans pensions legislation and will make an announcement shortly, Veterans Minister Lapointe told the Commons today.

He was replying to George Crookshank (L-Fraser Valley) who asked if the government would "make a statement at an early date in connection with the increase of basic pensions for veterans."

George Drew, Progressive Conservative leader, in a later speech in the House, noted that one thing about which the speech from the throne is strangely silent is the subject of veterans' pensions.

AFRICAN POLICE HEAD

POTCHEFSTROOM, South Africa (CP).—Sergeant Thomas Buchanan Lion is the first African to be appointed to command a police post. He is leaving this Transvaal town to take over the job at the African industrial township of Zwelitsha, near King William's town, Cape Province.

Army Discloses New Casualties

OTTAWA, Oct. 15 (CP).—The army today released its 63rd casualty list of the Korean War, reporting four men killed in action; one officer and nine men wounded, and three men injured in action.

The list brought to 345 the number of casualties suffered by Canadian troops in Korean action, including 78 dead, 238 wounded, 28 injured in action, and one missing.

All those in today's list are members of the Royal Canadian Infantry Corps. None are British Columbia men.

RIO DE JANEIRO (CP).—Brazil sold Canada 126,606 bags of coffee during the first five months of 1951, an increase of about 20 per cent over the corresponding period in 1950. Brazilian coffee made up about 44 per cent of Canada's total coffee imports.

Peak Reached In Employment

OTTAWA, Oct. 15 (CP).—Canada's labor force and the number of persons with jobs both reached peak levels at mid-August, while over-all unemployment was the second lowest recorded.

The Bureau of Statistics reported today that the non-agricultural sector of the labor force continued the expansion indicated earlier, while the agricultural segment was reduced.

The labor force stood at 5,121,000 during the week ended Aug. 18 this year, 97,000 greater than the estimate of 5,224,000 for August, 1950.

Cardinal States Miracle Witnessed by Pope Pius

VATICAN CITY, Oct. 14 (AP).—Federico Cardinal Tedeschini told pilgrims at the Shrine of Fatima in Portugal Saturday that the Virgin Mary appeared three times to the Pope during the 1950 holy year.

The cardinal, the archbishop of St. Peter's Basilica, attended ceremonies at the shrine as the Pope's delegate. His address was printed almost in full by the Vatican newspaper L'Osservatore Romano.

The Pope, said Cardinal Tedeschini, saw the vision in the rays of the sun Oct. 30, Oct. 31, and on Nov. 1, 1950. It was Nov. 1 that the Pope formally proclaimed the dogma of the Virgin Mary's bodily assumption into heaven.

Cardinal Tedeschini, at Fatima for ceremonies closing the ex-

tended holy year outside Rome, told of the Virgin Mary's reported appearance at Fatima to three children in 1917. Then he added:

"I will tell you an even more marvelous thing. I will tell you that another person has seen this same miracle: he saw it outside of Fatima; he saw it years later; he saw it at Rome."

"The Pope, our pontiff, Pius XII, he saw it!"

Oddities

MINNEDOSA, Man., Oct. 15 (CP).—A Minnedosa railroad is still scratching his head over this one.

William Magus, the railroad, loaned his truck to his sister and brother-in-law so they could catch an early train to Winnipeg.

They arranged to park the truck near a bunkhouse but left it in front of the station because they were a little late. When they arrived at Winnipeg they sent Magus a telegram telling him where the truck was parked.

Magus didn't get the wire and spent the greater part of the day searching for his truck until he found it at the station.

On the seat was the wire telling him where the truck was parked.

HONGKONG, Oct. 14 (AP).—To Li Lei, Communist party politics was nothing compared with girls.

And because of that, the Peking Peoples' Daily reported, Li Lei lost his woman, his job and his membership in the Chinese Communist party.

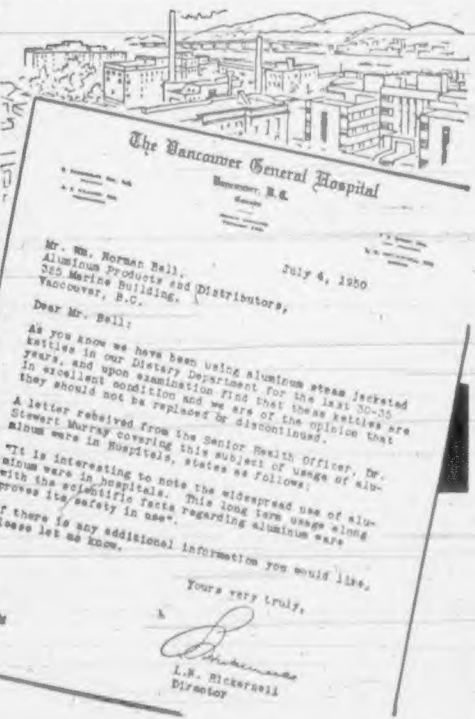

Among other things, Li was principal of a high school noted for its pretty girls.

"The majority became nervous because of his activities," said the article. "Li completely lost the revolutionary feeling that one should have toward the masses."

HARD-EARNED LOOT

JOHANNESBURG (CP).—Before she was overpowered by two thieves who entered her home, a 17-year-old girl threw boiling water over one, broke a bottle over the other's head and then threw him over her head with a judo hold. The men collected a haul of clothing.

Spirited Mayoralty Contest

ANNOUNCEMENT, in these columns on Sunday, by Alderman J. D. Hunter that he would definitely contest the mayoralty at the December civic elections adds a strong contender to the field. Dr. Hunter has headed the polls on the aldermanic slate on several occasions, given outstanding service over a considerable period in municipal administration, and enjoys the confidence and esteem of a wide following in the city of Victoria. That he seeks a term in the mayor's chair to cap 12 years of service he has entirely given to the aldermanic board is entirely understandable, and will please a large circle of friends who have repeatedly pressed him to do so.

Although nominations for the mayoralty will not occur until early in December, there are now three contenders for the seat which will be left vacant by the voluntary retirement of Mayor Percy E. George. Alderman Aubrey Kent, who left the council to contest the mayoralty and won his way back to

the council again, was the first to announce himself this time. He, too, is well known in aldermanic office and in public life. Adding zest to the contest in another direction will be the candidacy of Mr. Claude L. Harrison, upon his retirement from the position of public prosecutor after an outstanding legal career. With nominations some six weeks off, there is already assured a spirited contest among known principals. Civically this is a healthy sign, and a good thing for the interest of the elections.

In the closing period of his regime, one in which he has set a unique record at the City Hall, Mayor George will preside at the civic welcome to the Royal couple next week, and this week will unlock the door of the new Victoria Public Library, two occasions he will remember with pride. It will be true of him that, laying down the office he has held for so long and so faithfully, Mayor George will carry with him the best wishes of the community for a job well done.

A Paper Air Umbrella

WHAT it calls a "sad, sad story" has been unfolded by the Toronto Globe and Mail. Disturbed by the fog of words that emanate from official sources and by the lack of concrete information it set out to investigate the defense situation as this related to air power. The results of its inquiries, as disclosed in a series of five articles, are not comforting.

These show that Canada's air strength, after three years of alleged preparation, is still mainly on paper. Since 1948 some \$3,000,000,000 have been appropriated for defense, but the planes are still wanting. In spite of all the tall stories about the expansion of the R.C.A.F., this nation's aerial cover is full of holes. Last February Defense Minister Claxton promised an air force of 40 regular and reserve squadrons, while pledging 11 of them to General Eisenhower for European service. Says the Globe and Mail:

Reckless Hunters

THE HUNTING season has only just begun, but already it has produced complaints about recklessness and lack of common courtesy on the part of some of those gunning for game in southern Vancouver Island districts. Most of the hunters in this region are experienced in the handling of firearms and scrupulous in applying the simple, oft-repeated safety rules. Each season, however, brings out tyros who need to have it impressed upon them that only hunters themselves can prevent hunting accidents.

Reckless hunters can and should be prosecuted, of course, but as far as their victims are concerned that is small consolation—and none at all if the victim is killed. The records of hunting fatalities and serious accidents contain many instances of hunters shooting

human beings or domestic animals in mistake for game. In most cases over-eagerness is the cause. A hunter sees something move, thinks it is a game animal, and fires without waiting to make sure. This over-eagerness is the greatest of all hunting crimes. Every man armed with a gun must remind himself constantly that he can never afford to take a chance; that he must never press the trigger unless he is absolutely certain what his target is.

Each year also hunters need to be reminded of the rights of owners of private property. There can be no excuse for those who trespass on farm land and private property without express permission from the owners. Those who hunt over private land without permission, who leave gates open, scare livestock and trample cultivated land spoil the season for everyone.

Readers' Forum

Letters to the editor on any topic of genuine interest are welcome if they are brief, accurate and fair. No letter will be inserted in whole or in part, except on the signature and address of the writer. Unpublished correspondence cannot be returned.

ROYAL TOUR

Sir,—One of your correspondents is afraid the children may have a holiday Oct. 22 and clutter up the streets. We only need to view the world today, to know its adults who "clutter" and not the children. The Royal party have expressed a wish regarding the children, so let us have all the little "clutterers" out in full force, with no adults in front of them, to "clutter" up their view.

PEG MELOY.

1080 Marigold Road, Victoria, B.C.

ROYAL TOUR

Sir,—After listening to the utterly moving broadcast of the Princess' visit to the children of Hamilton, 25,000 of them gathered in their auditorium, the evident joy that those children felt in seeing the Princess and the Duke makes one realize more than ever what an awful blunder the powers that be here have made in not arranging to have a massed assembly of children in Victoria. The Princess especially asked to be able to see the children. At the same time it is utterly appalling that no arrangements have been made for them to see the veterans at the hospital, to see those men who have sacrificed so much. The whole thing seems to have been planned for officialdom here. This should have been cut to a minimum so that there was time allowed for the Princess and the Duke to do these far more important visits. This I know is a grave concern to a great many people.

R. F. MOLESWORTH.

Post Office, Saanichton, B.C.

THE CHILDREN'S PART

Sir,—May I use your column to make a suggestion to those in charge of the Royal visit arrangements? It seems to me the school children are getting a very shabby deal in this matter. Thousands of youngsters are agog to see a real live princess, and what do they get? They apparently are to stand five deep on the curb, as a car goes by containing a young girl, probably in a tweed suit.

Why can't they have a little share in the pomp and circumstance that attends royalty? Could they not all be assembled at the Arena, or the Royal Theatre, where the Princess could appear in one of her fluffy gowns, tiaras and all, perhaps to speak to them for a few minutes? They would then have a lasting memory of a real princess

as they dream about her, instead of a blurred picture of another lady riding by in a car.

(MRS.) EDITH FIRKINS.

3312 Aldridge Street, Victoria, B.C.

ROYAL TOUR

Sir,—I am astonished that the powers that be have not included a short visit to historical Helmcken House, the pioneer home of the first white doctor who arrived in Victoria from Guy's Hospital in London in 1850 and soon was beloved by all in the new colony for his kindness and generosity.

It is the most interesting exhibit we have in Victoria, adjoining Thunderbird Park and the province is indeed fortunate it has been preserved in its original state.

I'm quite sure that Their Royal Highnesses would enjoy a peep into the past.

MRS. GEORGE ROBBINS.

3628 Douglas St., Victoria, B.C.

CENTRAL SAANICH

Sir,—It appears that Saanich municipality have decided on a road policy similar to that of Oak Bay. That is to say it is their intention that in the shortest possible time as many residents as possible will be induced to improve their roads by local improvement schemes.

This idea is of course excellent, except for the fact that many parts of Saanich are still not developed sufficiently to make it truly economic.

This question, and indeed many questions, relative to a growing area is of course highly complex, and seeking advice from a ratepayers' association. I was surprised to find that since Ward Six secured the main part of Saanich was this type of organization.

Presumably there are many people interested in the actions of our local authority, especially such matters as the refusal of a petition to place a sidewalk along Cedar Hill Road for the safety of the children attending Doncaster School on the grounds of lack of funds, while at the same time spending large sums on the road through the Rithet subdivision.

Perhaps those who are interested in forming a ratepayers' association may let me know by postcard or letter.

If there is sufficient support a meeting could be arranged by advertisement.

V. H. CLEMENT.

Arrow Road, R.R. 5, Victoria, B.C.

Thinking Aloud

... of shoes and ships—and sealing wax—of cabbages and kings."

By TOM TAYLOR

AN English newspaper deplores the fact of Mr. Churchill's bent back. If he were 25 years younger, it says,

he would be a cert to win next week's British election. But, of course, he wouldn't. If he were still in his early fifties England would still have him labeled as too brilliant to be trusted.

This is just another of those ifs that tangle nations and individuals both. If a man arrives late at the office some morning, never catches up, has a hectic time all day as a result, and then goes home and visits his wife on his family—think how different it might all have been had he sprung out of bed when first called.

That little insignificant if. There's been more spit milk and more changed destinies because of it than any statistician could ever calculate.

Nobody's free of this doubtful conjunction.

If Napoleon had been a girl, think of the difference; you and I might not know where St. Helena lies. If British Columbia had decided around 1870 not to become Canadian there would have been no mountain differential to worry about. The charges would have been reversed.

If Rommel had had a conqueror's close-up of the Pyramids, what do you suppose would be happening today in Hollywood. Of a certainty James Mason wouldn't have played the "Desert Fox" in the movie just released, because likely enough Brigadier Young wouldn't have written a laudatory biography of his captor.

If Charles Dickens had finished "Edwin Drood" look at the literary headaches it would have saved some worry-warts; and if "comics" were really comics P.T.A. groups would be a lot happier.

Then of course if we hadn't had a drought this summer the water bills would have been smaller but the logger wife's purse much bigger. And if there were no Korean war a lot of Victoria sailors would be at home this Christmas, much to the enjoyment of wide-eyed little children.

There is no end to all this, you see. What a force is compounded when those two innocuous letters are joined — I and If!

Not one of us but has had his life diverted a thousand times by the ifs we run into daily. And if only we would watch our steps we wouldn't have to be as sorry as sometimes we undoubtedly are.

You could string almost any sequence of events on a chain of ifs. If there hadn't been a Boston tea party there might have been no Declaration of Independence, and maybe no Forty-Ninth Parallel, and then there would have been no Victoria, for we'd have grown up where Vancouver, Washington, now is, and how could we have got along without Oak Bay and Saanich and Esquimalt, in which there would have been no recent election, and we wouldn't have a Memorial Arena and so no Cougars to watch this winter, and that would be a pity, eh, and ...

And all because of if. If Mr. Churchill were only 25 years younger, he wouldn't be an English newspaper. If he were so would be the rest of us. And if the world had been wiser than it proved itself to be in these past 25 years—well, at least some of the ifs of history would have been eliminated.

Gerald Waring

Reporting From Ottawa

A COMPARATIVELY insignificant provincial by-election was held recently in British Columbia, and the C.C.F. won it.

Immediately C.C.F. national headquarters here seized upon this victory—or, one might say, clutched at this straw—to remind voters across the nation that Canada's socialist party is still winning elections.

The Esquimalt by-election victory was held up as "a further indication of growing C.C.F. strength throughout the country."

The jubilant statement pointed out that this win followed a C.C.F. victory in the July 10 provincial by-election in Gravelbourg, Sask. In neither case had the previous incumbent been a C.C.F. member, so there really was cause for satisfaction in the socialist camp. But certainly the conclusion that these victories pointed to "growing C.C.F. strength throughout the country" is pretty far fetched.

The trouble, from the C.C.F. point of view, is that for a long time past the times and circumstances have not been particularly propitious in this country for the growth of a socialist party.

The C.C.F. was born in the depression, when desperate men were ready to turn to radicalism in politics in a search for a way out of their economic difficulties. But the depression didn't last long enough to bring the party to full maturity. Since then the war, followed by the postwar era when full employment continued and prosperity increased, have not encouraged the electors to radical political thought.

In Britain, Australia and New Zealand, Labor parties formed governments largely because they offered the people largely for social security. In this country the Liberals, already in power, did the same—and little was left for our C.C.F. party but to chime "Me too." Even the Progressive Conservatives took up that refrain.

Shortage of Engineers

From The Windsor Star

THERE are 300 vacancies in Canada for engineers, and the shortage is threatening to retard industrial expansion, states Dr. L. Austin Wright, general secretary of the Engineering Institute of Canada. He recently returned from Europe, where he sought to enlist some.

Just why there should be this shortage, except for the great program of development and expansion now under way, isn't easily explained. It should be an attractive profession. Most who hire engineers have been enjoying the most profitable period in their history and should be able to pay salaries such

as would induce young men to enter the profession.

Canada's material development perhaps depends more on engineers than any other profession. Every effort should be made to get sufficient students to take engineering courses, and assurance of good salaries when they graduate would be possibly the best inducement. In the meantime, we should get what we need from the British Isles and continental Europe. There will be plenty of high-class engineers there who would jump at the chance to come, if they have fine-paying positions awaiting them here.

Fun, Fact and Fiction

Someone asked Jean Cocteau, the French writer, if he believed in luck. "Certainly," he replied. "How else can you explain the success of the people we don't like?"

The most brilliant husband in the world is stumped when his wife says: "All right, then, I want to look stout in a fur coat."

—Wall Street Journal.

A Hollywood makeup artist says he has a lot of difficulty with mouths that are too large. U.N. seems to be experiencing similar trouble.

ENLIGHTENED ACTOR

No actor, it seems, is a hero to the technicians behind the scenes. He is just a part of the stage properties.

Consider the famous star who was to be photographed creeping through a murky, cobwebby cellar with a flashlight. The illumination from the flashlight was not sufficient, so an insulated wire was shoved up the actor's trouser leg, across his back, and down the right sleeve to the flashlight. When all these preparations had been accomplished, the head electrician sang out, "O.K. boys, plug in the actor."

More complicated even than its celebrated rope trick is India's latest illusion—that you can live alone today and like it.

A writer declares that women are the better drivers, but omits saying in which seat.

The Packsack

OF GREGORY CLARK

A PRIEST of my acquaintance had to stay overnight at a hotel where they had a Turkish bath. And not having had one since he had played football years before, he got into his dressing gown and went down the back way to the Turkish bath and had a rare old treat.

When he had soaked and steamed, he came to the rubbing table where a husky masseur went to work on the ample frame of my friend.

"You're a priest, ain't you?" asked the rubber presently.

My friend was thunderstruck.

"How can you tell that?" he demanded.

"By your knees," said the masseur. "We can tell most people's line, after a few years' experience. Priests' knees are different from other ministers'. I can generally tell a lawyer from a bank manager, for instance. Doctors are easy—you know them by their hands and their ears."

"Ears?" asked the priest.

"Yes; them stethoscope things," explained the rubber, cryptically.

My friend, who had hoped to be anonymous during his Turkish bath, finished his bath in silence, reflecting that even when reduced to the lowest common denominator of manhood, he was still recognizable in his sacred calling.

"We clergy are supposed to study to see into men's hearts," he said. "It is a little alarming to know that there are men who can look at a man's carcass and name his trade and calling. What frets me is, can they estimate the quality, too? Could that masseur tell how good a priest I am, from my knees?"

Being Irish, that would occur to him.

Blondin

(From The London Times)

A MONG those who watched the French acrobat balancing himself above the Thames on Saturday there may have been an old stager who saw Blondin perform. Tight-rope walking seems to be an art that, like so many other matters, they order better in France. Certainly, until this week-end, no artist was so famous in this branch of skilful showmanship as Jean Francois Gravelet, who, sailing under the nom de guerre of Blondin, spent a lifetime at it. He gave his last performance at Belfast in 1896, when he was over 70, and he began at his birthplace, St. Omer, in the Pas de Calais, when he was five.

If anyone remembers him in his later days in Ireland or at Felling, where he died at the home he had, justifiably, called "Niagara House," the recollection can only be of a marvellous performer past his prime. "The Little Wonder" as the early Victorians hailed him, made himself known to the world in the fifties. He had, by then, behind him a long experience that began with the gift by an old sailor of a rope and a spar for balancing pole to the little boy who had been fired by seeing a traveling company of acrobats. Left an orphan, Blondin supported himself by his rope on which he was as much at home as other men are in an armchair. To say that he crossed Niagara on it is a pitiable understatement. His proposed first passage in 1859 was laughed at as the ambition of a lunatic and, then, almost accepted as a commonplace through the astonishing nature of the variations that he played on the bare theme.

He crossed the falls, from time to time, blindfold, in a heavy sack and trundling a heavy wheelbarrow. He carried a man on his back and, on his passenger showing signs of restlessness, he remarked, halfway across, "If you don't sit quiet I shall have to put you down." Dressed up as a Siberian slave heavily burdened with shackles from head to foot, he did his tight-rope trick and he did it on stilts and again, standing on his head, midway, with fireworks going off round him. There is high authority for the claim that he once, sitting down on his rope, made and ate an omelette. It would be interesting to know whether it was done to a turn; even a French chef might be stretched by so dizzy a challenge. No wonder Blondin's agent, discussing his appearance to turn somersaults across the centre transept of the Crystal Palace, remarked "Fall? He can't." For such a man to wheel a lion in a wheelbarrow along the rope, as he is said to have done at Liverpool, was all in the day's work. Admirable though Sir Gerald Barry's guest artist was, he had nothing to teach his old countryman.

With the Classics

The Honeysuckle

I plucked a honeysuckle where The hedge on high is quick with thorn. And, climbing for the prize, was torn. And fouled my feet in quagwater; And by the thorns and by the wind The blossom that I took was thinned. And yet I found it sweet and fair.

Thence to a richer growth I came. Where, nursed in mellow intercourse, The honeysuckles sprang by scores. Not harried like my single stem, All virgin lamps of scent and dew. So from my hand that first I threw. Yet plucked not any more of them. —Dante Gabriel Rossetti.

News in Review

By ERITH M. SMITH, Colonist Telegraph Editor
(From AP, CP, INS, Reuters)

Allied officers at the front in Korea, including Canadians, agree that a smooth, skilful Chinese fighting machine has replaced the screaming, bugle-blowing waves of charging fanatics. The new Red army, they agree, shows a definite improvement in efficiency and fighting skill.

Tour Sidelights

Like any other mother away from home, Princess Elizabeth is buying postcards for the children. On her way to Kapuskasing from Windsor by air, she asked members of her party to provide her with scenic postcards from every place visited on the Canadian tour.

When the Royal train made an unexpected stop at Vineland, Ont., a group of residents saw Princess Elizabeth standing alone on the platform. "Philip" she explained to them, "has gone up to the front. He wants to drive the train to Hamilton."

From London, England, comes word that the Princess and Prince Philip will spend a week in Ceylon in February on their way to tour Australia and New Zealand.

In Toronto, head waiter James Norlock had this to say following Saturday night's dinner given the Royal couple by Ontario: "The Princess has the only perfect table manners ever shown in Toronto."

Nautical Items

Washington has received formal advice from Russia that the latter will return two icebreakers to American authorities in the port of Bremerhaven some time next month. Return of the ships—lent to the Soviets during the Second World War—has been sought by the U.S. for five years.

A Vancouver report says that the elusive tuna, worth more than \$1,000,000 last year, have disappeared again. The two best-equipped research ships on the coast have returned to port with empty hooks after extensive cruises.

On the Defensive

Gen. Dwight D. Eisenhower says, at his headquarters in Marly-le-Roi, France, that Western Europe's military machine will reach its peak in 1954 when it will be able to absorb any surprise Russian blow and strike back.

Dr. O. M. Solandt, chairman of the Defense Research Council, says in Toronto Canada has developed a bazooka-type anti-tank weapon more accurate than any such weapon in the world arsenal. It might, he said, be adopted by the Western Allies because of its accuracy.

In Ottawa, Georg Drew, leader of the Progressive Conservative opposition, has charged the government with spending more than \$3,000,000,000 for rearmament, with "very little" to show for it. Defense department activities, he maintained, were hidden behind a "verbal smoke-screen."

People in the News

Out of Bremerhaven, Germany, Sunday, sailed 11 of the 37 Czechs who fled their country aboard the famed Freedom Train. They are bound for Canada aboard the Norwegian ship Goya.

A Portland newspaper reports in a special dispatch from France that Gen. Dwight D. Eisenhower will not clarify his place in the U.S. presidential race in the near future.

John Cameron Dryden, 58, former minister of education, provincial secretary and provincial treasurer for Manitoba, died Monday in Deer Lodge Hospital in Winnipeg.

Plastic Top For Royal Car To Foil Rain

WINNIPEG, Oct. 15 (CP).—A transparent plastic top fitted to an open car will protect Princess Elizabeth and the Duke of Edinburgh if predicted rain falls here Tuesday.

The top was especially designed by the De Havilland Aircraft Company so the Royal couple and spectators could easily exchange greetings. Made of rigid lucite, it affords all-round visibility.

The top was hurriedly designed to solve a problem raised in other cities where many persons complained they couldn't see the couple in an enclosed car. De Havilland engineers headed by director W. D. Hunter started construction of the top Saturday. It was flown from Toronto to night and will be ready for use tomorrow.

QUEER FISH

Some species of the sea urchins have poison glands attached.

Lumley Acquitted of Attempted Rape But Found Guilty of Indecent Assault

An Assize Court jury has found John Victor Lumley, 27, of Salt Spring Island, not guilty of attempted rape but guilty of an "included offense" of indecent assault.

The verdict came after a two-hour deliberation early last night.

Lumley had been charged in connection with an assault on a

Spring Island, which was said to have taken place about 3 a.m. Aug. 30 of this year.

The offense occurred after a drinking party involving several friends of the accused man and the complainant. Crown counsel A. deB. McPhillips opened his case yesterday morning by stating he would attempt to prove Lumley "brutally assaulted" the woman at Isabella Point.

ALONE IN CAR

Several witnesses, including Denton White, referred to as the complainant's boy friend, testified that Mrs. Fraser had been left alone in a stalled car for 15 minutes with the accused.

They said when she came to them afterward she had blood on her face and was crying.

On the witness stand, Lumley admitted he had fooled around with the complainant but had stopped when she raised objections and let her get out of the car.

In his address to the jury,

defense counsel H. K. Bate said the accused might have "been guilty of bad judgment or bad taste."

NOT FOR HONOR

"But he is not on trial here for his honor," I submit that what he did with consent of the complainant was not attempted rape," said Mr. Bate.

In his charge to the jury, pre-

sided Friday but was postponed when Lumley failed to appear. A bench warrant was issued for his arrest but the search was called off when Lumley surrendered to city police Saturday.

It is understood that the Crown may not retest bail as the failure of Lumley to appear has been explained as a misunderstanding. The accused man was out on \$1,500 cash bail.

METAL SPLINT NEEDED

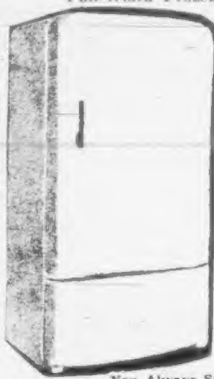

TWICKENHAM, England (CP).—When Frederick Decker, 32, found an injured squirrel he took it to hospital where, as nurse found its leg was broken. Decker fixed two wooden splints which the squirrel ate. Now it has an aluminum splint.

IMPORTANT NOTICE!

To Suffering Men & Women Who Have Not Yet Tried SARNAK

Not long ago Sarnak made its first appearance in local drug stores. Thousands of people started taking Sarnak — thousands of people found relief from such symptoms as arthritis, rheumatic and neuritic pain, sciatica, backache, some kidney and liver disorders, minor stomach upsets, indigestion, getting up nights, nutritional anemia and lack of energy. Some people took Sarnak for conditions for which Sarnak is not recommended or intended and which only a doctor should treat. (Sarnak taken for those symptoms for which it is recommended has brought relief to thousands of people in Canada.)

HAVE YOU GIVEN SARNAK A CHANCE YET?

Are you certain that this medicine that has helped so many others cannot help you?

know what you'll say. You'll say you've tried dozens of remedies! That none of them have helped you! That you can't afford to risk your money on something new!

YOU DON'T HAVE TO RISK YOUR MONEY TO TRY SARNAK! I'LL PAY YOUR DRUGGIST for your first bottle if you don't get some relief in THREE DAYS. (This offer good only to November 1, 1951.)

I can't promise you that your druggist will always have Sarnak in stock. Sarnak has always sold faster than we could make it but NOW! RIGHT NOW! YOUR DRUGGIST HAS SARNAK which he purchased during the hot days of Summer when people take less medicine.

If you suffer from one of the symptoms for which Sarnak is recommended, go to your druggist or phone right now! Buy a bottle of Sar-

nak! Take it home and start taking it right away! If by the time you have taken half the bottle (about three days) you have not had some relief from your symptoms (remember it took you longer than three days to develop the symptoms) if you do not feel BETTER, BRIGHTER and have a MORE OPTIMISTIC outlook on life, mail the remaining half bottle, with carton, to me and I WILL NOT ONLY SEND BACK YOUR \$1.35 BUT WILL ALSO REFUND YOUR COST OF MAILING.

If you have real stubborn symptoms that have refused to be relieved by other means, please write and let me know when Sarnak helps you. Address all communications to our new modern factory:

The Sarnak Company Limited, 43 McEwen Road, Toronto 12, Ontario.

SARNAK DARES TO MAKE THIS OFFER!

English, Ontario Windsors Linked; Detroit Crashes Party in Bow Tie

WINDSOR, Ont., Oct. 15 (CP).—The Windsor of Ontario and England were linked today by a winsome princess.

To the acclaim of hundreds of thousands, Princess Elizabeth said:

"I spent many happy years of my childhood at Windsor on the River Thames in England. . . . These two Windsor are far apart, but they are close in spirit and understanding."

On the eighth day of Princess Elizabeth's and Prince Philip's visit to Canada, they came to its southernmost city where, to see the United States, they had to look directly north at Detroit's breath-taking skyline.

And the greeting itself was breathtaking, as an estimated 200,000 Detroiters swarmed across bridge and through tunnel

to help neighboring Windsor extend a gay welcome to touring royalty for 3½ hours. It went on from 9:50 a.m. to 1:19 p.m., when the Royal couple flew to northern Ontario's Kapuskasing on the way to western Canada.

LIVELY, INFORMAL.

As in other cities and towns visited during the last eight days, Windsor—aided by Detroit, which

police detachment—held its official ceremony of welcome, presented its leading citizens and showed off its children.

But other touches made this the liveliest and most informal welcome so far. Governor G. Mennen Williams of Michigan, representing his state, set the note of informality with his polka dot bow tie. He presented

a green-and-white one to the duke. Then there was the moment when Mayor Arthur Beaupre presented a little electric motor car, the crest of Windsor on its side, to the Prince and Princess. It was for Prince Charles, the Royal couple's three-year-old son. There's a matching toy for his sister, one-year-old Princess Anne.

TEST RUN. The duke said to the mayor: "Let's see it work." So on the official receiving platform at Government Dock the toy car raced around to the amusement of the Royal guests.

Sinus?

6 Daily Colonist Victoria, B.C., Tues., Oct. 16, 1951

The matching automobile also was put down—both are red—and for a moment they scooted about as the duke bent over eagerly to watch. The couple later toured two automobile plants where assembly lines were in operation. They saw the world's busiest waterway, the Detroit River, teeming with shipping dressed in gay hunting in their honor.

Princess Left Behind As Pipes Start Train

ST. CATHARINES, Ont., Oct. 15 (CP).—Princess Elizabeth and the Duke of Edinburgh were almost left behind here Sunday when their train started off without them after a scheduled 10-minute stop.

In the excitement St. Catharines forgot to present them with its illuminated address.

At the Princess' request, the St. Catharines Pipe Band played while she stood on the welcoming dais. She had told Mayor Richard M. Robertson that elsewhere on the Canadian tour the local bands performed after her departure.

So the band gleefully struck up. The train engineer took this as a signal that the stop from 2 p.m. to 2:10 p.m. was over and the train began to pull away.

Trainmen on the platform hastily jumped aboard, pulled the emergency cord and the train stopped. The Royal couple got aboard and left.

In the excitement of welcoming the Royal couple amidst a crowd of 40,000, Mayor Robertson forgot to present them with an illuminated parchment scroll which was lying in readiness on a table. It was sent to Hamilton, the next scheduled stop, about 35 miles distant, and given to them there.

Earlier Princess Elizabeth got the teeming mobs of Niagara Falls in her blue eyes and pro-

nounced this staggering scene "magnificent."

She was left as breathless as anyone else as she went 140 feet down through a tunnel in the rocks to feel, hear and see the incredible power of these waters. A transient wisp of rainbow emerging from the mists that tower and boil out of the foot of the torrent, touched her waterproof coat as she stood on a platform only 25 feet above the river, looking up into the Horse shoe Falls. The Princess held up the hood of her cape to keep the spray off but she was wet by the time she left.

CANADA SAVINGS BONDS

Starting today—you can place your order for the new Sixth Series of Canada Savings Bonds. They're going to get a hearty welcome from thousands of thrifty Canadians.

And no wonder—when you think of the handsome return they pay! For instance, the owner of a new \$1,000 Canada Savings Bond will get \$350 interest over its life of 10 years, and 9 months—an average per-year of 3.21% for this period. A \$500 bond will pay \$175 interest over the same period. Think what amounts like these can mean to you and yours!

This time you can buy up to \$5000, in any one name.
In the meantime your investment stands

as an always-available source of cash to meet emergencies that might crop up.

You can get your Canada Savings Bonds through your investment dealer or bank—for cash or on easy instalments.

Or you can purchase them through your Company's Payroll Savings Plan—the most convenient and systematic saving method of all.

Whichever way you choose, don't delay! Place your order today for Sixth Series Canada Savings Bonds—now, better than ever.

Indian Power Development Surges Unhampered by Material, Fund Lack

Power development in India is surging ahead after being limited for some time by a lack of funds and materials.

S. A. Gadkary, head of an India hydro-electric mission touring British Columbia through the Colombo plan for economic development, gave this encouraging report yesterday.

Mr. Gadkary said his mission is taking a keen interest in Canadian hydro developments and an exchange of ideas.

Most towns in India with populations of 2,000 and over are electrified, said Mr. Gadkary. Domestic electricity is used chiefly for illumination and to drive fans and pumps.

Mr. Gadkary is chairman of the Central Water and Power Commission and member of the Central Electrical Authority, New Delhi.

Capt. M. Khan, head of the Pakistan mission making a joint tour of Canada, said his country was chiefly interested in plans to combine power installations with irrigation developments. He intends to spend 10 months with the Ontario Hydro-Electric Commission before returning to Pakistan.

TERRAIN SIMILAR

Capt. Khan said that Pakistan, on the mountainous northwest

U. C. Nair, executive engineer, southern electrical division, Trivandrum, India, is welcomed to headquarters of B.C. Power Commission by Samuel Weston (right), chief commissioner. Colombo plan missions from India and Pakistan yesterday inspected the Commission's Campbell River power development. Mr. Nair, who will spend five months in B.C., finds cigarettes almost as expensive here as in Trivandrum where they sell at price of 50 for 80 cents.—Colonist photo by Bud Kinsman.

border of India, is similar in terrain to B.C.

Capt. Khan is chief engineer in charge of Pakistan's electrical development. Traveling with him is Y. S. Zia, executive engineer, Malakand Hydro-Electric Scheme, Pakistan.

In the Indian mission are T. J. Mirchandani, chief engineer, Bombay Electric Grid, public works department, Bombay; Ras Bahadur S. B. Rama, chief operations officer, electricity department, Madras; A. R. Khanna, deputy secretary, ministry of natural resources and scientific research, New Delhi; G. C. Goswami, chief electrical adviser, State of Assam; Shri V. R. Vaidya, superintendent,

Bombay Electric Grid, Bombay; U. C. Nair, executive engineer, southern electrical division, Trivandrum.

Symphony Plans Four Concerts For Children From City Schools

Students in Greater Victoria schools will hear four symphony concerts this season, presented especially for them in the Royal Victoria Theatre.

Concerts will be conducted by Hans Gruber and are sponsored by the Victoria Symphony Society, it was announced yesterday by inspector of schools, J. F. K. English.

First concert will be presented on the afternoon of Oct. 28. Others will be on Nov. 11, Dec. 3 and March 20.

It is estimated that 3,000,000 seals migrate every spring to the Pribilof Islands.

Admittance will be by membership card, obtained by students at their schools. Private teachers are also invited to participate. Their membership cards are already in the hands of the teachers.

CAUTION

Re Confusion in Chlorophyll Preparations

If you are one of the millions of people who are using the original VOIDS, you need not be told that VOIDS tablets protect you from all body and breath odors head to toe, not just bad breath alone. We emphasize this because following the success of VOIDS there has appeared on the market a number of candy mint and chewing gum preparations that are advertised for bad breath only!

VOIDS is not a candy! Not a gum! But a tablet that may be swallowed for the complete control of all body odors and bad breath from stomach causes or may be chewed to immediately neutralize the odor of alcohol, smoking, onions, garlic or spicy foods.

VOIDS are used by doctors, dentists, nurses and institutions and are sold under a money-back guarantee. Trial size, 25c; month's supply, \$1.25; Economy-size, \$2.75.

Friendly Challenge

Drive at least two new cars, this time, before you decide to buy—and be sure one of them is a new 1951 Packard!

And why do we issue this challenge? The two best reasons in the world:

- 1 Until you drive a new 1951 Packard, you just don't know what's been happening in the automotive world. That's something you owe yourself!
- 2 The best advertising is "word-of-mouth" advertising. Whether or not you buy a Packard,

it's to our advantage to start you talking about the advancements that make Packard the newest new car of the year. That's something we owe ourselves! P.S. We know from experience that today's most thoughtful buyers will gladly accept this challenge.

New 1951 Packard Patrician '400'—most advanced motor car in Canada. Car details as shown subject to change without notice.

Some "eye-openers" that await you on your Packard "Challenge Drive":

Top-compression power: New Packard Thunderbolt Engines give you the efficiency of Canada's highest-compression engines. Plus, service-free simplicity—up to 25% fewer working parts than in engines of comparable power.

Ultramatic Drive—a Packard exclusive that combines (1) the smoothness of no gear-changing during acceleration with (2) the efficiency of no slippage when cruising.

New kind of vision: Packard's new, low-level bonnet lets you see both front fenders from behind the wheel!

New steering magic: Thanks to new ideas in steering design and weight distribution, you can actually maneuver a Packard, in traffic, with as little effort as it takes to turn a door knob!

New everything: And all of it is backed by the greatest durability record in all of motordom. Fact: Of all the Packards built, in the last 52 years, over 50% are still in service!

Packard prices begin at:

\$3613*

Couple Held in Burglary Remanded Without Plea

George and Harriet Pollard, 1289 Vista Heights, arrested by Saanich police early Sunday morning in connection with the breaking and entering of the home of J. Bunton, 3528 Cadboro Bay Road, were remanded without plea to Thursday when they appeared in Saanich police court yesterday.

They were arrested on Cadboro Bay Road by Const. Robin Stewart about 4:10 a.m. About 30 articles valued at \$1,000 were recovered.

Identified as belonging to Mr. and Mrs. Bunton were recovered. Police said entry to the home was gained through a front door which was left open. Mr. and Mrs. Bunton were not home at the time. Magistrate H. C. Hall set bail at \$3,000.

Thieves Keep Police Busy

Thieves were busy in Victoria during the week-end. Police reported the Corner Store at Camosun and Pandora was entered and \$90 in cash and two checks amounting to \$35 stolen.
Entry was gained by forcing a bathroom window at the rear of the store and knocking out two iron bars. A rear door into the interior of the store was then forced open.
Police said the person or persons responsible were apparently familiar with the store.
Earlier, Thomas Raponas of the Cameo Cafe, 828 Yates, reported the establishment had been entered and about \$43 worth of cigarettes taken.
Entry was gained through a ventilator fan hole on the west wall of the kitchen.
St. John's Church was also entered sometime early Sunday, police reported. Entry was gained through an open basement window. Lockers belonging to the Sunday School Scouts and was reported.

Fined for Driving While Impaired

Walter Roy Major, from the Canadian National Railway barge at Point Ellice, was fined \$200 for driving while his ability to do so was impaired by alcohol, when he appeared in Saanich police court yesterday.
Magistrate H. C. Hall also canceled Major's driver's license for one year.

Story Outlines Youthful Problems

Elizabeth Taylor, Montgomery Clift and Shelly Winters deliver the greatest performances of their careers in Paramount's "A Place in the Sun," now showing at the Royal Theatre. George Stevens produced this exciting account of the hopes, triumphs and despair of present-day youth.

Canadian Seattle Office Being Sought by Bureau

Re-establishment of a Canadian immigration office in Seattle is being sought by the Victoria and Island Publicity Bureau.
After maintaining offices there for 33 years the federal government recently closed them as an economy measure.
George Warren, commissioner of the bureau, said a formal protest will be sent to Ottawa authorities.
The Seattle office allowed many American tourists to pass through immigration checks before arriving here.
"If the immigration office is not re-opened at Seattle before next summer, it will be almost impossible to handle all the tourists at this end without a great deal of delay," Mr. Warren warned.
It had been planned to discontinue the Canadian immigration offices in Seattle last April, but strong protests from the publicity bureau and the C.P.R. were effective.

R.C.M.P. Hold Elderly Man In Gun Death

PRINCE GEORGE, B.C., Oct. 15 (CP)—Royal Canadian Mounted Police said today they are investigating the statement of a 69-year-old laborer who surrendered himself to the Clinton detachment in connection with a murder at Savory, B.C. two weeks ago.
The man surrendered last Thursday, 200 miles from the scene of the murder of Albert Thorsen, 73, in his cabin at Savory, police said.
The contents of the man's statement were not disclosed and R.C.M.P. would only say he is being detained here on a "holding charge."
Thorsen was shot through the base of the skull with a rifle, which has not been located.

Part of Wing Found by Tug

What is believed to be part of a light plane that disappeared in the Strait of Juan de Fuca on Saturday, Oct. 6, carrying Dr. John Stenhouse of Vancouver, has been found near Trial Island, R.C.M.P. reported yesterday.
The wreckage was discovered by the crew of the tug Island Trooper. The red-painted plywood wing section is about six feet long.
Police are waiting positive identification.

Car Leaves Road, No One Injured

No one was injured when a car driven by Gordon A. Ellis, 3003 Cedar Hill Road, went off the Sooke Road near the 19-Mile Post on Sunday, R.C.M.P. reported.
Police estimated damage to the car at about \$200.

AID INDIAN CHILDREN
CALCUTTA (CP)—Packages of grain have been sent by United States youngsters as a gift to Indian children. The grain, amounting to 1,500 pounds, was handed over to food minister P. C. Sen of West Bengal by E. Wilson, American consul-general in Calcutta.

British Columbia's growth in the fields of industry, production of electricity and mining of minerals and oil will be featured in a full-length, illustrated article in Popular Science for November.

Golf—Harmful Or Helpful

By DR. J. B. WARREN

So many men die on the golf links that we wonder if it is worth the physical strain. The game helps most middle-aged players if they do not take it too seriously. It is walking in the open air with a certain amount of exercise aside from walking. If you are the leisurely type, don't rush from hole to hole, don't worry about your score and golf will greatly benefit you. If, however, you take golf too seriously, rush through your week to get to the golf links, keep your mind and body tense as you try to remember all the directions of the professional stance, position of body, keeping head down, follow through with all other details, then you soon tire.

A NEW Harvest from the fields of
Saskatchewan
SASKATCHEWAN is now yielding a new harvest of liquid gold and in the opinion of leading geologists has every prospect of becoming one of the great oil and gas producing areas of North America. (Almost the entire southern half of the Province has been quietly taken up under exploration permits by oil companies during the past two and a half years. Recently several "Williston Basin" discoveries across the International Boundary have stepped up the pace of drilling activity.)
One of the largest holders of leases and reservations in the Province is Albercan Oil Corporation. Here is an indication of the scope of its operations and the size of the parent company—Canada Southern Oils, Ltd.
1. Albercan Oil Corporation holds over 3,750,000 net acres in Western Canada—2,800,000 of them in Saskatchewan.
2. On completion of current financing, over \$8,000,000 cash will be in the parent company's treasury.
3. C. V. Hagen, President of Canada Southern Oils, Ltd., heads a team of top personnel with wide experience drawn from the oil fields of North and South America.
4. There are 16,000 shareholders of Canada Southern Oils, Ltd. in the United States and Europe. There are presently 2,839,314 shares outstanding with an indicated market value of over \$27,000,000.
We recommend consideration of these Convertible Debentures as a means of participation in the search for oil and gas reserves in Western Canada. Debenture holders are entitled at their option to obtain common shares by conversion, the initial conversion price being \$10.50 per share.

To get them over the WORST TIME!
THE first year or two is the toughest time for a young widow to keep her home together.
* To help offset the permanent loss of her husband's earned income, an "Excel PAYMASTER" policy on his life would provide her with \$875.00 IN CASH for those "final expenses" which are created by his death.
\$150.00-A-MONTH for one year, plus
\$80.00-A-MONTH for the next two years, plus
\$50.00-A-MONTH for a further two years—food and clothing money for a five year period altogether.
* And, if her husband doesn't die prematurely, the policy may be turned in at Age 60 or 65 for a substantial amount to add to old-age security.
* For specific details on your own present age, be sure to get in touch with:

Market Inches Upward With Fractional Changes

By AP and CP
The New York Stock Market advanced slightly today, with a few gains in the industrial and utility sectors. The Dow Jones Industrial Average closed at 228.46, up 0.14 points from 228.32. The market was characterized by a general sense of caution, with investors waiting for more news on the Korean situation and the results of the recent elections in Canada.

Snow Hits Crops Severe New Blow

EDMONTON, Oct. 15 (CP)—Harvesting operations were severely hampered today by a heavy snowfall that hit the province. The snow, which fell in the afternoon, was accompanied by strong northwest winds, making it difficult for farmers to get their crops in. The situation is particularly serious in the northern part of the province, where the snow has been accumulating for several days.

Lumbering
TOOTHPICKS TO SHIP KEELS

Just fifty short years ago the vast Canadian forests stood defiant in grim, impenetrable solitude... viewing reluctantly to but a few hardy pioneers. Now the silent interiors echo with the multiple sounds of axe on wood, the keeping of chain saws and the giant panting of bulldozers... mill towns bustle by lakesides, turning out featherweight toothpicks or ship keels a hundred feet long.

With over one million square miles of natural resources, 7,700 Canadian lumber companies annually saw wood products for home and foreign use valued at nearly half a billion dollars, half of which is realized from export to world markets.

A strong and growing industry, lumbering in forest and mill also contributes substantially to the economic well-being of many hundreds of thousands of Canadians engaged in shipping and manufacturing.

School Zones In Saanich Remain Same

Saanich council last night received and filed a letter from Education Minister W. T. Straith asking consideration of "Stop When Occupied" school zones.

Reeve Joseph Casey said his was that 15 m.p.h. speed limit in school zones can be enforced regardless of the new signs.

Mrs. G. Michie Rites Today

NANAIMO, Oct. 15.—Resident of Nanaimo district for 57 years, Mrs. Grace Campbell Michie, a resident of Nanaimo district for 57 years, died in Nanaimo Hospital on Saturday at the age of 83. She had lived for five years in East Wellington, 32 years in Extension and the last 20 years in Nanaimo. She was born in Kilin, Scotland.

Mrs. Michie was a charter member of Sharon Chapter No. 4, O.E.S., Ladysmith. Her husband, Alexander Michie, died 23 years ago. She is survived by one son, Dr. Thomas Michie, Ponoka, Alta.; one daughter, Mrs. Bella Mainwaring, at home; four grandchildren and nine great-grandchildren.

Funeral services will be held Tuesday afternoon from Westwood First Chapel of Flowers, Rev. Peter Kelly of Cumberland officiating.

Daily Astrology

By RITA DEL MAR

FOR TUESDAY, OCT. 16, 1951

Today's quotation: "The finest eloquence is that which gets things done; the worst is that which delays them." — David Lloyd-George.

Look for your birthdate and birthsign below:

March 21 to April 19 (Aries)—Devote the day to material interests; secure capital, make sales or purchases, put the budget in order.

April 20 to May 20 (Taurus)—Shoot for your goals with assurance today; make headway with momentous affairs by evening.

May 21 to June 20 (Gemini)—Shed clarity on perplexities; free yourself or others from irritating conditions.

June 21 to July 22 (Cancer)—Keep intact your line of communication with companions, potentially helpful groups.

July 23 to Aug. 22 (Leo)—Get the upper hand over prevailing difficulties or help others to do so. Promote ambitions.

Aug. 23 to Sept. 22 (Virgo)—Make progress in transactions with far-off persons; gain through incoming news or letters; map plans.

Sept. 23 to Oct. 22 (Libra)—Carry out required monetary deals. Seek to strengthen resources; reclaim something.

Oct. 23 to Nov. 21 (Scorpio)—Bring light to bear on co-operative enterprises; code the reins to teammates, associates; pitch in.

Nov. 22 to Dec. 21 (Sagittarius)—Get a brighter slant on things today. Promote employment, service interests; buy or sell.

Dec. 22 to Jan. 19 (Capricorn)—Have confidence in your program. Court preference; put across prized objectives.

Jan. 20 to Feb. 18 (Aquarius)—Bolster your material standing; give consideration to fundamental and home issues.

Feb. 19 to March 20 (Pisces)—Set an energetic pace. Reach accord; settle issues; defend your status.

Planning Ahead—Good for sociability, entertaining, etc.: Oct. 16, 17, 19, 21, 23, 25, 26; evenings of 27, 28, 29, 30; Nov. 1, 4, 5, 12.

(Revised by Consolidated News Features, Inc.)

Improvement By-Laws Approved in Saanich

Seven local improvement by-laws were given final reading at Saanich council meeting last night. Five were waterworks and two paving expenditures.

Waterfront by-laws were for Admirals Road, Downham Place, Houlhan Place, Mountfield Street and Nethorpe Street. Paving by-laws were for Houlhan

Cain Avenues. Council also defined an area of 11 lots for a Feltham Road drainage local improvement by-law.

Compensation was ordered paid for the loss of four chickens owned by A. J. Ford, 720 Burnside Road West, and five chickens owned by J. E. Grant, Torquay Drive. In each case the fowl were killed by dogs.

Councillors rejected M. J. Lowery's application for six months' leave of absence from the fire department. It was explained the employee wishes to enter another business on a six months' trial as partner.

J. W. Turkington, 1683 Derby, was appointed to the fire department. He had been with the department on a temporary basis. His probationary period will date from the time of his temporary employment. Twenty-seven applications were received for the job.

A motion by C. H. K. Bate that the Parents' Maintenance

committee be dissolved was defeated. A vote of 10 to 5 was taken.

At a previous meeting but laid over pending answers to several questions and reference of the problem to the council.

Reasons for defects were given.

GREAT CAY RN

The Mammoth Cave in Kentucky is 10 miles in circumference with a river 360 feet below the surface.

After his report, Reeve Joseph Casey instructed C. E. C. Cummins to call a building committee meeting as soon as possible to consider problems arising from the report. The fire chief and building inspector J. S. Taylor will attend along with other councillors.

Cl. Cummins, committee chair-

man, said that the fire department had been with the department on a temporary basis. His probationary period will date from the time of his temporary employment. Twenty-seven applications were received for the job.

Saanich Chimneys, Fireplaces Said Defective

All but six of 34 chimneys and fireplaces inspected in homes in Saanich municipality were found defective, Fire Chief Joseph Law reported to council last night.

After his report, Reeve Joseph Casey instructed C. E. C. Cummins to call a building committee meeting as soon as possible to consider problems arising from the report. The fire chief and building inspector J. S. Taylor will attend along with other councillors.

LET A DeSoto DEMONSTRATION CONVINCE YOU... "the ride's a revelation"

MORE POWER ON THE ROAD
The new, bigger, 115 h.p. engine instantly responds to your lightest touch—hurries you smoothly and quietly over highway or city streets.

Until you've driven the distinctive new De Soto you can't realize the wonderful smoothness and riding comfort of this outstanding automobile.

De Soto's extra comfort and smoothness is the result, first of all, of the 125" De Soto wheelbase plus scientifically correct weight distribution and correct springing. There's a smoother, more level ride, with all passengers "cradled between the axles."

Foam-rubber padded chair-height seats let you relax in comfort... and, of course, there's generous head, leg and elbow room.

You'll hardly feel any vibration, because of floating power engine mountings, oil-smooth Fluid Drive and the silent, easy operation of "Tip-Toe" shift.

Make a date to-day with your Dodge-De Soto dealer for your introduction to "the ride that's a revelation."

BABY'S OWN DOPE

We waited at breakfast, as we always do, to sing all together, "Happy Birthday To You." Our eldest came in, I felt full of sniffs, she joyfully opened her red-ribbed gifts. Along with the daisy I tried to go, but my toes went back... to 14 years ago. To that moment I first saw her, she was so free, thru the plate-glass at the Jubilee. A nurse who was gauged, held her high, then winked at me, with her right eye; telling me there, thru the glass, we'd got ourselves the best in the class. I had a queer feeling down in my pit, the kind of feeling I cannot transmit. I didn't feel proud, as you're supposed to do, I was more awed... at this interview, "Daddy," said 14, as I sniffed up my nose, "you're not even looking at these lovely home?" "Why... of course I am," I quickly replied, she smiled as if she knew that I lied. "Oh lookit here," & she placed on the sill, from Auntie Peggy... a 2-dollar bill. "Well... open mine," Trudie said. I watched the whole business, but stared straight ahead. The day had arrived, our joy was complete, to take her home to our place on Cook Street.

A duplex it was—with a gas fire-place, and a big yard, we had plenty of space. I carried her tenderly up the path, then we got ready for her very first bath. I dunno which one was the biggest dope, she nearly got loose on "Baby's Own Soap." Which we gently rubbed on that black hair that was curled, that's the most wonderful smell in all the world.

They've never changed the scent for any other. I even remember it on my kid brother, "D.A.D.D.Y." stamped 14, "you're making me cross." I pulled my throats from out the moss. "Yes, dear," I choked, & stared at her locks. "I think they are... such nice ankle-socks." Trudie musta sensed that I was blue. "C'mon," she said, "Happy Birthday To You." So we sang again. I laughed the most the G.F. jumped, as she'd burnt the toast. I kicked myself for being such a fool, "Hurry," I cried, "we'll be late for school." I backed out the car, they jumped inside, the G.F. waved, as we hit our stride, "Mumme," whispered Trudie, "sed-with you to be gentle you can't help, she sed... being SENTIMENTAL."

HUIBER'S

Back of the New Post Office

School Playground Plan Approved in Esquimalt

Esquimalt school trustees got the go-ahead from council last night in a plan to turn seven acres of the Transfer property into a school playground.

The area, now mostly forest land, total 15 acres but the remaining sections are rocky.

The property was set aside in 1947 by Esquimalt council for "school purposes." Some discussion was forthcoming on the meaning of the term "school purposes."

"We reserved this property but we didn't give it to the school board," said Councillor A. C. Wurtelle who submitted the 1947 motion.

Mr. Alex Speers moved that the school board be given the green light adding that the playground "will be a great asset to the municipality."

A negative vote, however, was registered by Mr. J. E. Carey, who said he was "suspicious" of the plan as it cost to the ratepayers.

"There's something funny about the whole thing. We'll probably find that it's going to cost us something before long," he said.

A \$200 job of installing a guard rail on Craigflower Road was approved by the council following a request from Mrs. S. L. Nute of 902 Craigflower.

Mrs. Nute said a high drop-off the inside of the sidewalk was a hazard to children in the area.

The principles expressed by F. H. Portridge in a letter to the council regarding a proposed reduction in the price of "cash-and-carry" milk were endorsed by council.

A committee of three was appointed by Reeve A. I. Thomas to study plans for the Remembrance Day ceremony to be held by the Esquimalt Legion in Memorial Park.

Mr. Wurtelle noted criticism leveled at the council last year because the ceremony was held without the presence of a chaplain.

"I want to see Esquimalt Legion and the council above reproach. I think we should have the same kind of ceremony as is held in Victoria," he said.

Mr. Carey, who is chairman of the Esquimalt Community Chest committee, said as far as he knew there would be no chaplain this year either.

The council turned down a request from the Community Chest for a grant.

"Our ratepayers have been canvassed in their homes. I don't see why they should have to pay twice," said Mr. G. R. Guillemot, moving that the request be refused.

Fire Destroys Summer Home

NANAIMO, Oct. 15.—Fire tonight totally destroyed a summer home at Departure Bay owned by J. C. Dakin of Nanaimo.

The value of the house and furnishings was estimated in excess of \$8,000. Cause is unknown. The house was unoccupied.

Departure Bay Fire Department 33 volunteers turned out to fight the fire but could only stop the flames from spreading to surrounding trees. A 500-gallon tank truck with a spray nozzle was used.

The loss was covered by insurance.

Japan to Favor Sterling Area

TOYKO, Oct. 15. (Reuters). Japan is to import proportionately more from the sterling area and less from the dollar area under its import plan for the fourth quarter of the year, approved by the Japanese government.

BIG STRETCH

The Alaska highway enters Yukon territory at Mile 620 and crosses the boundary into Alaska at Mile 1,221.

Esquimalt Must Pay Pipe Tax

Esquimalt municipality is in the concrete pipe manufacturing business and will have to pay the federal sales tax, council learned last night.

A directive from Ottawa in reply to protests from the municipality on the matter, stated that the corporation was liable for payment of sales tax based on the fair market value of the pipe.

A second letter came from Ottawa last night stating that the federal revenue department statement.

The letters both stated that freedom from tax in this case would be "discrimination against independent suppliers."

"Well, I guess that's official," said Reeve A. I. Thomas. "It's the law and we pay."

Council agreed to pay the tax amounting to about \$1,000 for previously manufactured pipe, without further protest.

It was agreed that even with the federal tax, the pipe could be manufactured more cheaply than it could be purchased.

Council Asks Report From Police On Light at Admirals and Esquimalt

Esquimalt Council last night got stalled at a stop and go light. A motion to install a traffic light at Admirals and Esquimalt Roads was defeated by an amendment to wait for a report from the police chief.

The motion, arising out of a letter from the Esquimalt Municipal Ratepayers' Association, was made by Councillor W. H. Dalloway who declared that the light was "a dire necessity."

"We shouldn't have to sound the money on a light," he said.

SPokane, Oct. 15.—A plan whereby British Columbia might help relieve the Pacific Northwest power shortage would provide the province with a revenue of \$12,000,000 annually, former Senator Clarence C. Dill said today.

Speaking to the Columbia Basin committee of the Spokane Chamber of Commerce, Dill advocated the construction of dams at Revelstoke and Castlegar, B.C., solely for the storage of Columbia River waters.

Col. E. Pepler, deputy attorney-general, and Robert C. Weir are the prosecuting attorneys. The original prosecutor, Arthur Leighton, is ill.

Frank S. Cunliffe of Nanaimo and Gordon M. Campbell of Port Alberni are defending Saxey. They represented Saxey at the original trial. They took his case to Appeal Court and a new trial was granted after Saxey had been sentenced to death by Mr. Justice A. M. Manson.

Saxey is charged with the fatal shooting of Louis Oscar at Battle Bay, Cayuga Sound, last February.

Power Profit Seen for B.C.

CLASSIFIED ADS Don't COST — They PAY

To men who like machines...

RCAF aircraft need your care!

Some men are especially good with their hands. They like to work with engines, machines or machinery. Such men are needed now in the R.C.A.F. — men with the skill and "know-how" to keep modern jet aircraft in perfect flying shape.

If you are mechanically-minded, you can serve Canada — in defence against aggression — as a skilled Aircraft Technician. The R.C.A.F. will give you the necessary trades training — at good rates of pay with opportunities for advancement in the modern field of aviation.

You must be between 17 and 40, and have Grade 8 education or better.

YOUR COUNTRY NEEDS YOUR SERVICES!

RCAF

ROYAL CANADIAN AIR FORCE

The RCAF will train you as a skilled

AERO-ENGINE, ARMAMENT, AIRFRAME, INSTRUMENT, OR RADIO TECHNICIAN.

SEE THE CAREER COUNSELLOR AT YOUR NEAREST RCAF RECRUITING CENTRE — OR MAIL COUPON

R.C.A.F. RECRUITING UNIT
